### **IMHOFF ROAD RECONSTRUCTION BETWEEN CHAUTAUQUA AVENUE AND JENKINS AVENUE**

The University of Oklahoma is reconstructing Imhoff Road from Chautauqua Avenue to Jenkins Avenue. When this project is complete, the roadway pavement and curb and gutter will be replaced, improvements to the storm water system and lighted crosswalks to the Lloyd Noble Arena will be completed. The University of Oklahoma is administering the construction of the project. The prime contractor is Allen Contracting. The project began on May 13, 2014 and is anticipated to be completed in mid-August.

Beginning Wednesday, May 21, 2014, the contractor will close Imhoff Road from Chautauqua Avenue to Jenkins Avenue for the duration of the project. The detour route for this closure will be State Highway 9. Signs will be placed to direct traffic along the detour route.

Additional questions may be directed to Mr. John Clink, City of Norman Capital Projects Manager, Department of Public Works, at 366-5424.
